

When you visit The Duke Hotel, there may be a few things you would like to know about the food we serve in our restaurant.

**Our suppliers:**

*Our “ethos” is around the concept of sustainability. We only choose suppliers with a sustainability policy similar to ours, and we prefer choosing suppliers within a radius of 20 miles from our building. Small, independent, family-run business to the front! Our award-winning butcher supplies us with the best quality cuts from Wiltshire County and its surroundings, and our free-range eggs are laid only a stone's throw away. We prefer investing in organic food such as our milk, butter, some cheese and wine, and we grow our own herbs and vegetables when possible.*

*Our MSC-certified fishmonger ensures that our fish and seafood are caught sustainably and in the least impactful way on the ocean. We proudly choose species native to the cold coasts of England and Scotland.*

**Local and Seasonal:**

*We respect every ingredient in the kitchen, so we strive to use all parts of our food.*

*Our food waste from the kitchen is then converted into compost used to grow our herbs and vegetables. Our menu changes every three months according to the season.*

*We proudly blend classical gastronomic techniques with elements of European & Asian cuisines.*
