When you visit The Duke Hotel, there may be a few things you would like to know about the food we serve in our restaurant.

Our suppliers:

Our "ethos" is around the concept of sustainability. We only choose suppliers with a sustainability policy similar to ours, and we prefer choosing suppliers within a radius of 20 miles from our building. Small, independent, family-run business to the front! Our award-winning butcher supplies us with the best quality cuts from Wiltshire County and its surroundings, and our free-range eggs are laid only a stone's throw away. We prefer investing in organic food such as our milk, butter, some cheese and wine, and we grow our own herbs and vegetables when possible.

Our MSC-certified fishmonger ensures that our fish and seafood are caught sustainably and in the least impactful way on the ocean. We proudly choose species native to the cold coasts of England and Scotland. All our suppliers are listed on our website.

Local and Seasonal:

We respect every ingredient in the kitchen, so we strive to use all parts of our food. Our food waste from the kitchen is then converted into compost used to grow our herbs and vegetables. Our menu changes many times throughout the seasons.

We proudly blend classical gastronomic techniques with elements of European & Asian cuisines.

- The Duke Hotel -

Please note*

All our food is prepared and freshly cooked on-premises.

If you have any allergies or queries, please bring them to the attention of our team, and we will do our best to accommodate you. Despite our best efforts, due to the nature of our kitchen, we cannot guarantee that our dishes are free from all allergens.

**Please note that some of our dishes may not be subject to alterations due to contamination risks.*

A 12% discretionary service charge will be added to the table. Please do not feel obliged to pay this if you don't feel the service warrants it.
